

MEXICO CITY, July 5.—Gen. Carlos Osuna, the insurgent leader operating in the state of Tamaulipas, whose troops recently were defeated and scattered by the forces of Gen. Arnulfo Gomez, has died from wounds he received in the fighting, according to reports received by newspapers here.

OKLAHOMA CITY — "When the lawyers agree there's no room for argument," declared Judge A. N. Munden here and dismissed George E. Williams charged with reckless driving. Opposing attorneys looked at the automobile Williams was said to have damaged. "It wasn't hurt much" they reported en chorus.

GENERAL ELECTRIC WORK  
STORAGE BATTERIES RECHARGED

In watering the lawn and flowers it is very necessary that you use a nozzle on the hose to avoid unnecessary waste of water. This regulation must positively be observed.

One of the greatest sources of waste of city water is due to leaky plumbing fixtures. It is the duty of every consumer to have leaking pipes and faucets repaired at once.

DESPITE URGENT APPEALS FOR CONSERVATION OF CITY WATER THERE IS STILL A NOTICEABLE DISREGARD OF THESE REQUESTS. IT WILL BE NECESSARY TO EMPLOY DRASTIC MEASURES TO ENFORCE REGULATIONS UNLESS THEY ARE MORE STRICTLY OBSERVED

# BETTER SERVICE BETTER BATTERIES

Battery repairs are often the result of failure to use that service which Willard has established for the car owners of America in over seventeen hundred places.

There are two distinct sides to Willard Service: One is paid service—curing battery troubles by skill and thoroughness in handling repairs—doing the job in a workmanlike fashion so that it doesn't have to be done over.

The other side of Willard Service is prevention of battery trouble—and that you do not pay for. Registration of new batteries for special service, cards entitling any owner to testing and filling, good advice, informative literature and general helpfulness.

Every Willard Service Station sells the Still Better Willard Battery—a battery that was already better in material, workmanship and record of service, and was made Still Better by the invention of Threaded Rubber Insulation.
